What's new:

1.8.0 -
Thanks to the development of SAO's staggering business model based on "Sell Artwork With Tokens," which leads to a long and difficult process to obtain more tokens, the development team of Amnesia: A Machine for Pigs at 505 Games has undertaken the revision and release of the new version of Amnesia: A Machine for Pigs. The new version, 1.8.0, is very noteworthy as it contains a large amount of improvements to the established base. Moreover, on the version of 1.8.0, special features are newly added and the decorative model of the monster is dramatically improved. The game has played a sufficient role in the evolution of the genre Amnesia. Also, we will continue to pay great attention to the needs of the players and release the patch with regularity. We would like to express our profound thanks to the Amnesia: A Machine for Pigs players and wait for your continued support. In addition, we are offering a special discount of 20% on the discount period from June 3 to June 17 for Amnesia: A Machine for Pigs. Please experience the new version of the game from July for Amnesia: A Machine for Pigs, and we will also send the discount code to you.

From now on, the saga of Kairos Saga will continue after the release of Kairos Saga season1: The Hammers of the Gods. You will play Ray Volf easily as a new character named "Ray Volf" to fight the intense monsters. Have you put down the Kairos Of Gilded Lion?
